About Us

GreenLink Corporation was founded in Los Angeles, California, focusing on the development, manufacturing, and distribution of innovative packaging solutions for food industry. GreenLink has expanded globally with a 466,000 sf thermoforming and high-speed injection producing base both in Shanghai and Hangzhou City with more than 20years of working experience.

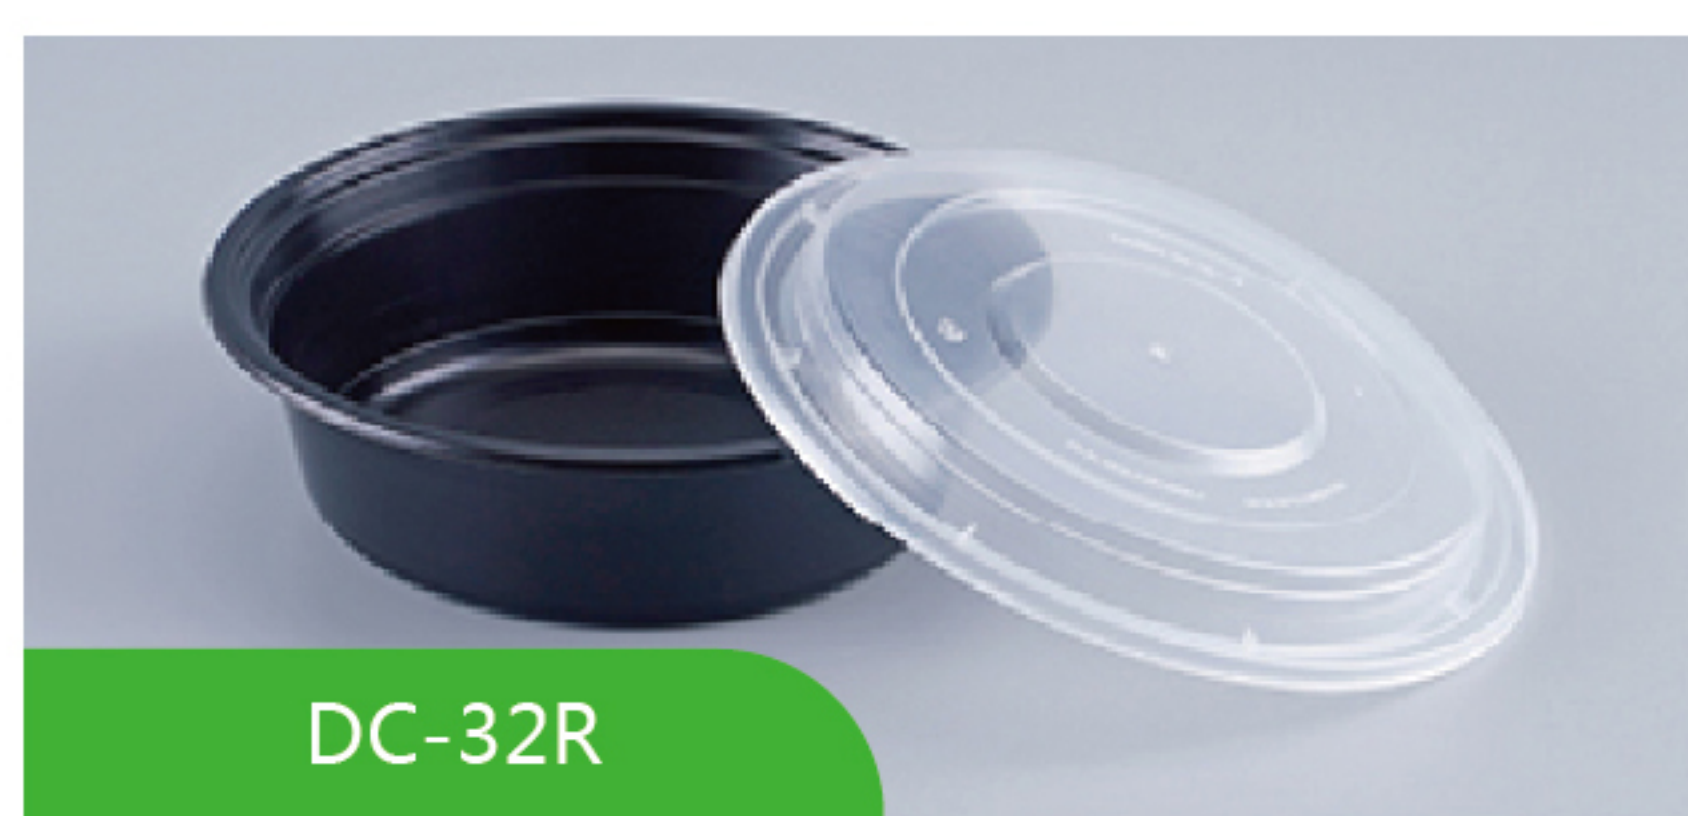

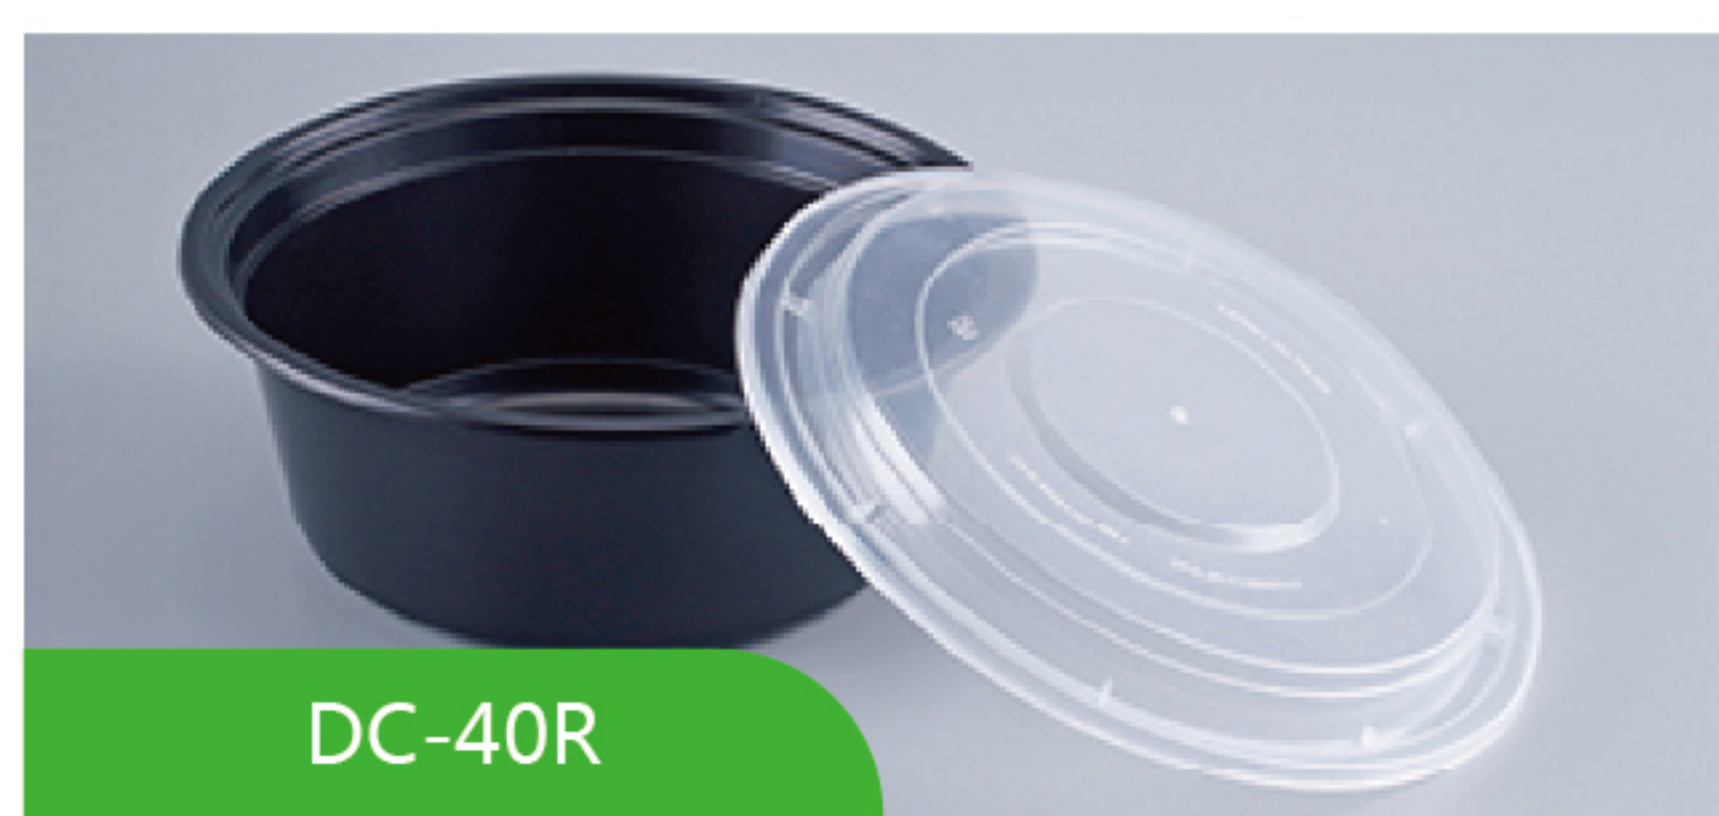

When GreenLink was founded in Los Angeles, California, recognizing the food industry needs to reduce production costs, we built our company to fill this market need. Because many of our customers were unfamiliar with working overseas, GreenLink was formed to be the bridge connecting the overseas companies to the US. We're here to help our clients getting products 10-30% below what they would have to pay, while maintaining the industry high quality requirements. Furthermore, for each order we offer door to door service for your convenience, including shipment, customs and freight, which equals to purchasing from the local suppliers.
